### PLEASE READ INSTRUCTIONS BEFORE COMPLETING VOUCHER

#### INSTRUCTIONS

**Who Must File Estimated Income Tax Payments?** Every individual who expects to incur an income tax liability greater than the combined withholding and other tax credits, or has income not subject to withholding such as self-employment earnings. Farmers and fishermen as defined by the Internal Revenue Service are not required to make estimated income tax payments.

**How Should I Estimate My Tax Liability?** Use the worksheet included with the vouchers to estimate your 2012 tax liability. If you expect your tax to be more than your withholding, you must pay the difference to the Department of Taxes in quarterly installments. You may apply your 2011 income tax refund toward your 2012 estimated tax liability. Remember to enter that amount on your Record of Payments at the back of this booklet to determine the next payment amount and due date.

*Example:* On April 1, 2012, you estimate 2012 VT tax liability at \$600. You should make an estimated payment of \$150 on April 15, 2012. On June 1, 2012 you change jobs and anticipate the 2012 tax liability will now be \$800. On June 15, you should make an estimated payment of \$250 to bring total payments up to 50% of the revised tax. On September 15 and January 15, you should make estimated payments of \$200 each.

**When Do I File and Make Payments?** Estimated tax payments are due on April 15, June 15, September 15 of 2012 and January 15, 2013. When the

15th falls on a weekend or holiday, the payment is due on the next business day.

Fiscal year taxpayers - contact the Department for instructions.

Entries - Round payments to the nearest whole dollar. Use blue or black ink to write entries.

**What If My Estimated Tax Payments Are Less Than Tax Minus Withholding and Credits?** Underpaid estimated tax results in penalty and interest charges. To avoid these charges, estimated payments must equal (1) 100% of last year's tax liability; or (2) 90% of this year's tax liability; or (3) the tax due at filing, less withholding and credits, is less than \$500.

**What If My Estimated Tax Payments Are Late?** You will be charged penalty and interest from the due date of the payment to the date paid.

**What are Interest and Penalty Charges?** Interest is 0.4% per month and penalty is 1% per month, up to a maximum of 25% of the payment amount. The charges accrue on the difference between the amount that should have been paid and the amount paid.

**Can I File Annualized Estimates For Vermont?** If you file Federal Form 2210 to annualize, you may also annualize for Vermont. Please send a complete copy of Form 2210 filed with the IRS when you file your Vermont income tax return.

VT taxable income, in most cases, is your Federal taxable income plus income from non-VT state and local obligations, Federal Form 1040 Schedule A deduction of state and local income taxes over \$5,000, less interest income from U. S. obligations, and difference between Federal depreciation and standard depreciation, and capital gain exclusion for some categories of adjusted net long-term capital gain.

If you have any of the following additions or subtractions to Federal tax, you will need to adjust your Vermont tax.

#### Additions To VT Tax

- Qualified Retirement Plans (including IRA, HSA & MSA)
- Recapture of Federal Investment Tax Credit
- Tax from Federal Form 4972
- VT tax credit recapture

#### Subtractions From VT Tax

- Credit for Child and Dependent Care (**NOTE:** This is **not** the Federal child tax credit)
- Credit for Elderly or Disabled
- Investment Tax Credit
- VT Farm Income Averaging Credit
- VT Solar Energy Credit
