## Exceptions:

- A person convicted of a felony and who is an inmate in the custody of the Department of Corrections for any portion of the year is not eligible to file a claim for the sales tax relief.
- Individuals living in Oklahoma under a visa do not qualify for the sales tax relief.
- If a taxpayer or spouse died during the tax year, he/she will not qualify for the sales tax credit. If the death occurred after December 31, 2012, but before this tax form was filed, the sales tax credit or refund for the deceased will be issued to their estate. Enter the date of death in the box next to the taxpayer and/or spouse's Social Security Number.

### **Dependents:**

To qualify as a dependent for the sales tax credit or refund, you must qualify and be claimed as a dependent for Federal income tax purposes. The name, social security number, age, relationship and yearly income (if any) must be entered for all dependents. All of the other sales tax credit or refund requirements listed above must also be met (example: resident of Oklahoma for the entire year). Do not enter the taxpayer or spouse as a dependent.

### Refund Information for those Not Filing a Form 511:

- If you are **not** filing a Form 511, and would like to have the amount shown on line 15 deposited directly into your checking or savings account, complete the "Direct Deposit Option" section. (If you **are** filing a Form 511, you will complete the Direct Deposit section on the Form 511). If you do not choose direct deposit, you will receive a debit card.
- WARNING! The Oklahoma Tax Commission will not allow direct deposits to or through foreign financial institutions. If you use a foreign financial institution or have a foreign address on your income tax return, your refund will be mailed to the address shown on your return. If you have an address with an APO, FPO or DPO, you are not considered to have a foreign address; your refund is eligible for direct deposit.

# \*Definitions for the purpose of this form:

Resident of Oklahoma is defined as a person legally domiciled in this state for the entire tax year.

Household means any house, dwelling or other type of living quarters.

**Total gross household income** means the total amount of gross income received by ALL persons living in the same household whether the income was taxable or not for income tax purposes. This includes, but is not limited to, public assistance payments, support money (example: child support), workmen's compensation, school grants or scholarships, veteran's disability compensation, loss-of-time insurance payments and all of the types of income shown on the front of this form. Income that is exempt must be included in the year received, for example: nontaxable sources of income on your W-2 (such as a dependent care reimbursement account), military housing assistance, and the distribution of earnings from a Roth IRA. **Note**: Do not include income deferred for Federal Income Tax purposes, for example: tax deductible contributions to a 401K or to a traditional IRA. This income will be included when distributed and taxed on your Federal return.

**Proof of disability** may be established by certification by an agency of State Government, an insurance company or a physician, or by eligibility to receive disability benefits under the Federal Social Security Act. A veteran certified by the Veterans Administration of the Federal government as having a service-connected disability shall constitute proof.
