USE TAX COMPUTATION WORKSHEET FOR LANDED VALUE OF MOTOR VEHICLES

1. Cost of the motor vehicle..... _____

2. Freight charges. _____

3. Insurance costs. _____

4. Customs duty and other costs (See instructions below.) _____

5. Total costs (Add lines 1 through 4.)..... _____

6. Cost of out-of-state license plates and retail sales tax paid to another state or local government. _____

7. Line 5 minus line 6. _____

8. Other adjustments (Attach schedule.)..... _____

9. Landed value before depreciation allowance (Line 7 minus line 8.)..... _____

10. Depreciation allowance (Line 9 multiplied by the applicable factor from the depreciation chart below.)..... _____

11. **Landed value of motor vehicle.** (Line 9 minus line 10. Enter here and in column (a) on the front of this form.) _____

USE TAX COMPUTATION WORKSHEET INSTRUCTIONS

Chapter 238, Hawaii Revised Statutes (HRS), imposes the use tax on the landed value of a motor vehicle purchased outside of Hawaii and imported into Hawaii for use in Hawaii. The landed value of the motor vehicle is calculated by adding the cost of the motor vehicle and the charges that were incurred to import the motor vehicle into Hawaii. Use the above worksheet to calculate the landed value of a motor vehicle.

Line 1 — Enter the cost of the motor vehicle. This includes the invoice price paid by the purchaser, retail sales tax paid to another state or local government, and the cost of any repairs or replacement parts added to the motor vehicle to maintain or increase its value during the taxpayer's use of the motor vehicle prior to shipping the motor vehicle into Hawaii. Do not include maintenance costs (e.g., oil changes).

Line 2 — Enter the amount of freight charges incurred to ship the motor vehicle into Hawaii.

Line 3 — Enter the amount of insurance charges incurred to ship the motor vehicle into Hawaii.

Line 4 — Enter customs duty and any other charges incident to landing the motor vehicle in Hawaii. Attach an itemized schedule of the amounts listed on line 4.

Line 5 — Add lines 1 through 4 and enter the total on line 5.

Line 6 — Enter any charges paid for license plates outside Hawaii and retail sales tax paid to another state or local government.

Line 7 — Enter the result of line 5 minus line 6.

Line 8 — Enter any trade-in allowance received for the old motor vehicle; and other adjustments. Attach an itemized schedule of the amounts listed on line 8.

Line 9 — Enter the result of line 7 minus line 8.

Line 10 — To determine the depreciation allowance, multiply line 9 by the applicable factor from the Use Tax Depreciation Chart below and enter the amount.

Calculation of a Depreciation Allowance

When a taxpayer has used the motor vehicle prior to bringing it into Hawaii, the taxpayer may further reduce the landed value of the motor vehicle for the purpose of calculating the use tax by applying a depreciation allowance for normal use of the motor vehicle by the taxpayer outside Hawaii. The amount of depreciation allowed depends upon the mileage and condition of the motor vehicle. No depreciation is allowed for a motor vehicle brought into Hawaii within 90 days of its date of purchase. The 90-day period shall not include any shipping time or any time during which a motor vehicle was placed in storage prior to its import into Hawaii.

For purposes of depreciation, the calculation of the landed value of a motor vehicle used prior to its importation into Hawaii also may include the cost of any repairs or replacement parts added to the vehicle to maintain or increase its value during the taxpayer's use of the motor vehicle prior to shipping the motor vehicle to Hawaii. The Department may require an explanation and supporting information for any reduction of the landed value of a motor vehicle for depreciation.

Line 11 — Enter the result of line 9 minus line 10 on line 11 of the worksheet and in column (a) on the front of Form G-26.
