### Filing by Mail

If you file by mail, complete this form in blue or black ink only. Do not use staples.

Please note that each form is year specific. To prevent any delay in processing your return, the correct year's form **must** be submitted to the Department of Revenue Services (DRS).

If the taxpayer made timely installment tax payments (**Forms CT-1120 ESA, ESB, ESC, and ESD** or **Forms CT-990T ESA, ESB, ESC, and ESD**) and paid at least 90% of the current year tax or 100% of the prior year tax before the application of any tax credits at the required installment rate, the taxpayer is not subject to interest on underpaid installments. If the current year tax is \$1,000 or less, it is not necessary to complete this form.

Estimated tax payments may be based on the applicable percentage of the current year tax determined by annualizing net income. For more information, see [portal.ct.gov/DRS/Corporation-Tax/Tax-Information](https://portal.ct.gov/DRS/Corporation-Tax/Tax-Information).

## Line Instructions

### Part I – Computation of Required Annual Payment

**Line 1** - Enter the tax liability for the current income year from Form CT-1120, *Schedule C*, Line 8 minus *Schedule C*, Line 1c; or Form CT-1120CU, Part III, Line 5, minus Part I, Line 8, *Combined Group Total* column; or Form CT-990T, *Computation of Amount Payable*, Line 5.

The amount entered on Line 1 should not include any recapture of tax credits.

**Line 3** - Enter the total tax from the prior income year before the application of any tax credits. The amount entered on this line should not include any recapture of tax credits. If no return has been filed for the prior income year or a return was filed for less than a twelve-month period, leave Line 3 blank and enter the amount from Line 2 on Line 5.

Combined unitary filers included in a 2024 **Form CT-1120CU**, *Combined Unitary Corporation Business Tax Return*, should enter the total tax due from all of the taxable members of the combined group that filed with the designated taxable member in the prior year minus any recapture of tax credits.

### Part II – Computation of Required Installments

The required installment payments are due on or before the fifteenth day of the third, sixth, ninth, and twelfth months of the income year. If the due date falls on a Saturday, Sunday, or legal holiday, the return is considered timely if filed on the next business day.

**Lines 6 through 9** - Calculate the required minimum installment payments due. Multiply the required annual payment from Part I, Line 5, by the required installment rate and enter the result on the appropriate line.

### Part III – Annualized Income Installment Schedule Complete Column A entirely before proceeding to the next column.

**Line 1** - Enter the corporation's total net income for the period.

**Line 4** - The Connecticut Corporation Business Tax rate is 7.5%. Multiply Line 3 by 7.5% (.075).

**Line 5** - If the corporation is subject to the surtax, multiply Line 4 by 10% (.10).

**Line 7** - Enter the corporation's estimated allowable Connecticut Corporation Business Tax credits for the year. The amount of tax credits allowable against the Corporation Business Tax generally may not exceed 50.01% of the amount of tax due prior to the application of the tax credits. Research and Development, Research and Experimental Expenditures, and qualified Human Capital Investment tax credits that remain after the application of the 50.01% limitation may be further used, provided that the total of all tax credits used shall not exceed 70% of the tax liability.

In addition, no tax credit other than the PE credit shall reduce an included corporation's tax to an amount less than \$250. Also, include any PE credit available to the corporation. The PE credit is not subject to limitation and may reduce the tax liability to zero.

If the tax return for the prior year was filed on time or within the extension period if a timely request for an extension was filed, the overpayment will be treated as estimated tax paid on the fifteenth day of the third month (March 15 for calendar year filers). Otherwise, the overpayment will be treated as estimated tax paid on the date the prior year tax return was filed.

## Payments if a Waiver From Electronic Filing has been Obtained

If you have been granted a waiver from electronic filing, payments accompanying estimated installment Forms CT-1120 ESA, ESB, ESC, and ESD or Forms CT-990T ESA, ESB, ESC, and ESD will be credited as of the U.S. Postal Service cancellation mark on the payment. The payment must be made or credit established on or before the due date of the required installment. Payments of estimated tax are credited first against underpaid installments in the order in which such installments are required to be paid. The overpayment from the filing of a Corporation Business Tax return is established as of the U.S. Postal Service cancellation mark on the completed return.

Non-electronic payments made without an electronic payment waiver will be subject to penalty.

Taxpayers can use certain private delivery services, in addition to the U.S. Postal Service, for delivering returns, claims, statements or other documents, or payments, and meet the timely filing/payment rules. The timely filed and timely payment rules will be met if the U.S. Postal Service cancellation date, or the date recorded or marked by a designated private delivery service (PDS) using a designated type of service, is on or before the due date. Not all types of service provided by these designated PDSs qualify.

See **Policy Statement 2016(4)**, *Designated Private Delivery Services and Designated Types of Service*, for a current list of qualified PDSs.
