## Instructions for Column J Worksheet

For each installment sale after July 31, 1969, reported on Schedule F:

**Column 1** - Enter the total federal gain realized on the sale. This is your entire gain and not just the amount of gain reported this year.

**Column 2** - Enter the fraction, if any, entered on Schedule F, Column H.

**Column 3** - If you entered a fraction in Column 2 of this worksheet, multiply Column 1 by that fraction. If Column 2 is blank, subtract Column I from Column H on Schedule F and enter the amount in Column 3.

**Column 4** - Enter the total gain reported on federal income tax returns in prior years.

**Column 5** - Subtract Column 4 from Column 3. If the result is negative, enter zero. Enter the amount here and on Schedule F, Column J.
