Retail Sales Tax Account: \$25 Nonrefundable Registration Fee

Retail Sales Tax is applicable whenever selling activities are conducted in Indiana; whenever a business location, warehouse, distribution center exists; or whenever employees solicit or take orders for your products in Indiana (this includes wholesalers). Upon registration for retail sales tax, the Department will issue a Registered Retail Merchant Certificate. The registration fee of \$25 is a nonrefundable processing fee and must be remitted with this application when registering for sales tax. Each business location, including manufacturers, per 45 IAC 2.2-8-7, must have a separate Registered Retail Merchant Certificate. A change of ownership requires a new application to be filed along with the \$25 fee. For example: A sole proprietor changing to a partnership or corporation is a change of ownership. **Retail sales tax rate is seven percent (.07).**

Indiana law (Ind. Code 6-2.5-2-1(d)) requires a seller without a physical location in Indiana to obtain a registered retail merchant's certificate and collect and remit applicable sales tax if the seller's gross revenue from sales into Indiana exceeds \$100,000 in the previous calendar year or the current calendar year. Sales into Indiana include any combination of sales of tangible personal property delivered into Indiana, products transferred electronically into Indiana, and services delivered in Indiana.

This same economic nexus registration requirement applies to marketplace facilitators effective July 1, 2019.

As of Jan. 1, 2007, all Registered Retail Merchant Certificates are valid for two years. The Indiana Department of Revenue will automatically renew the certificate 30 days before the expiration date, at no cost to the merchant, as long as all sales returns and payments are up to date. However, if a retail merchant has unpaid sales tax debts, the Department may not renew the certificate. Merchants cannot continue to operate a business without a valid certificate. Read Indiana Code 6-2.5-8-1 for more information.

Line 1: Enter the date or anticipated date selling activities will begin. If you want to make purchases prior to your doors actually opening, use the date your purchasing will begin for "Date of First Sale."

Line 2: Enter the dollar amount of your estimated monthly taxable sales. Wholesalers and manufactures please enter \$1. If this is left blank or you put in zero, you will be set up on a monthly filing status.

Indiana Department of Revenue
North American Industry Classification System (NAICS)
(Revised 03/21)

This list of principal business activities and their associated codes is designed to classify an enterprise by type of activity in which it is engaged. These six-digit codes are derived from the North American Industry Classification System (NAICS) and do not resemble prior year codes. Select the category that best describes your primary business activity (for example Real Estate). Then select the activity that best identifies the principal source of your sales or receipts (for example, real estate agent). Now find the six-digit code assigned to this activity and enter it on all appropriate forms. The business tax application (BT-1) will accommodate up to four different codes related to your business. The codes will assist the Department in mailing tax bulletins and other information applicable to your business.
